

WORK EXPERIENCE:

BSNL Internship

Apr 2025 - May 2025

- Gained hands-on exposure to telecom infrastructure through field visits covering MSC, BSC, BTS, NGN systems, tower antennas, and power plant operations, developing practical understanding of core communication networks and their functioning.

CODETECH IT INTERN

Feb 2025 - Mar 2025

- Developed a Weather Application utilizing the Fetch API to retrieve and display real-time weather data, enhancing skills in JavaScript, API integration, and frontend development while gaining practical experience in building interactive web applications.

PROJECTS:

Frontend UI Clone

- Built an Amazon clone using HTML & CSS and a Netflix clone with React components and Tailwind CSS, focusing on responsive design, UI replication, and component-based development. [Link](#)

Functional Application : Tic Tac Toe Game

- Developed a Tic Tac Toe game using JavaScript and a Calculator web application, demonstrating core logic building, DOM manipulation, and interactive UI design. [Link](#)

Weather Application

- Designed and developed a Weather application using HTML, CSS, and JavaScript, implementing real time API integration to handle dynamic inputs and operations, ensuring an interactive and user-friendly interface. [Link](#)

Commentary Application : Comment Me

- Created a commentary application using the Fetch API to retrieve API data dynamically, enabling users to generate and view data, while strengthening skills in API integration and JavaScript-based UI rendering using React application. [Link](#)

EDUCATION:

UNIVERSITY INSTITUTE OF TECHNOLOGY - THE UNIVERSITY OF BURDWAN

B.E in ECE SGPA : 7.2 (till 6th semester)

HABRA HIGH SCHOOL

Higher Secondary (WBCHSE) 2020 – 2022 Percentage : 80%

HABRA HIGH SCHOOL

Secondary Education (WBBSE) 2020 Percentage : 78%

SKILLS:

- Programming Languages : C, C++, Java Script, Type Script , Python
- Frontend Development : HTML5 ,CSS , Tailwind- CSS, React , Redux Toolkit , React Hook Form ,
- Backend Development : Node JS , Express JS , My SQL
- Frontend Animations : Framer Motion , GSAP , Scroll trigger , SVGS
